

ADVANCES IN GENERAL PEDIATRIC MEDICINE

April 23-24, 2010

OU Children's Physicians
Building
940 NE 13th St
Oklahoma City, OK 73104

CONFERENCE OVERVIEW

The health and care of infants, children and adolescents can be a very complex issue. Due to the continual advancements in medicine and technology, what was considered the norm just a few short years ago, seems to have changed rather quickly. So many medical professionals today feel overwhelmed trying to keep up with the latest changes and recommendations. *Advances in General Pediatric Medicine* will focus on a wide range of medical issues for infants, children and adolescents, giving today's healthcare professional the information and tools they need to provide the best possible care to their patients. The OUHSC Department of Pediatrics and the Irwin H. Brown Office of Continuing Medical Education invite you to attend this exciting and informative CME course.

Planning Committee Members:

Paul Darden, MD, OU College of Medicine
Lou Ludwig, MD, OU College of Medicine
Casey Hester, MD, OU College of Medicine
Monique Naifeh, MD, OU College of Medicine
Wendy Mounger, BA, OU College of Medicine
